Sixteen Hundred Souls Lost in Dayton, Ohio Flood, Says Message

WESTERN UNION OFFICE AT INDIANAPOLIS RECEIVES AWFUL NEWS.

LEVEE BROKE, LOOSING WATERS

HIGH WATER PRESSURE BROKE LEVEE WALLS, CAUSING FLOOD.

BUILDINGS ARE WASHED AWAY

Racing Flood Destroys All in Its Path and Carries Hundreds of Struggling People on Its Crest.

Indianapolis, Ind., Mch. 25.—Special to Telegraph.—A message to the Western Union Telegraph company, from Dayton Ohio, contains the terrible news of the death of sixteen hundred persons who, according to the message, were drowned in that city following the breaking of the levee.

The message says that tons of water are rushing through the streets of Dayton like a mill-race, carrying people, buildings and everything before it in a stupendous, awful fury of destruction. Hundreds of homes were washed away and only the strongest buildings withstood the attack of the racing wall of water.

Blew Train from Track.
St. Louis, Mch. 25.—Special to Telegraph.—At Makanda, an Illinois town on the Illinois Central railroad, an I. C. train was blown clear off the track when the tornado struck it, and several persons were killed outright and others injured.

PLAN TO USE CITY MARKET FOR PARK

WOULD BEAUTIFY OLD DUMPING GROUND—J. W. KELLY MAKES PROPOSITION.

J. W. Kelly has submitted to the city council a proposition to remove the gravel from Sherman and Custer avenues, between Third and Fourth streets, and the alley between the blocks, and replace the streets at their original grade, in consideration for which he offers to supply the city with any gravel that may be needed for street repair purposes. The matter will be considered at the next meeting of the council.

Will Discuss Park.

It is also very probable that at the next Monday's meeting of the commissioners the matter of transforming Market Square into a city park will be considered. This matter was before the council once before and a tentative deed was submitted then providing that the council appropriate \$400 for the car of the park the first year, \$300 the second and \$250 each succeeding year.

It is understood that residents in the neighborhood of the square are desirous of having the place acquired and beautified and in all probability after next Monday's meeting the matter will be taken up with the 20 heirs of Father Dixon, whose signature on the deed will be necessary.

D. M. Sawyer will go to Chicago Thursday.

Emory Tilton was here from Ashton today.

W. H. Cahill of Walton was here yesterday.

Frank Barnes, proprietor of the Dewey hotel, is ill.

Will Andrus of Grand Detour was here Monday.

A. R. Morris of Franklin Grove was here Saturday.

Mr. and Mrs. Chas. Ware of Nachusa were here Saturday.

Mr. and Mrs. Elmer Cline of Franklin were here Saturday.

Harold Emmert of Nachusa was in town Saturday.

Leroy Isman of Franklin was in town Saturday.

Ira Lahman of Franklin visited in Dixon Saturday.

Miss Irene Remsburg and Miss Keifer of Amboy were here today.

DESTRUCTION WAS GREAT IN WALTON

LEFT SHOP ON THE TRACKS

Morrissey's Store Was Carried Half a Block—Three Persons Blown From Second Story of House to a Field Are Unhurt.

Oliver L. Gehant, assistant cashier of the Gehant bank at West Brooklyn, and also the representative of the Telegraph in that vicinity, writes that he personally saw the damage created by the storm at Walton; Lee county, Sunday night. His letter follows:

West Brooklyn, Mch. 24.
The Telegraph,
Dixon, Illinois.

I write to hand you a bit of news if you have not already heard of it. I am aware that the telephone and telegraphic communications are out of sorts and so I resort to the letter form in this instance. The happening is at Walton, on this side of Harmon. My wife and I were at Harmon over Sunday and in returning this morning we were very much surprised to find the hamlet of Walton all in ruins. A cyclone had struck the town about midnight and completely torn up the town, with the exception of the new Catholic church and parish house of brick and a couple or three residences. The elevator, lumber yard, two stores, implement house, blacksmith, barns, homes, etc., were all wrecked. Several miraculous escapes were made and a person in seeing the ruins cannot understand how any of the people escaped with their lives. In our brief stop we were told that three persons were picked up in the second story of their home and carried some distance and set down out in a field. The sides of the buildings were completely torn away from them. The implement house of John Morrissey was carried about a half block and set down upon the railroad tracks. They just got it ricked up in time this morning to allow the train to pass. It is a horrible mess.

Our train was nearly wrecked this morning a few miles west of town, when a big limb of a tree fell across the track and was noticed in time to prevent any damage. Had we struck the log the whole train would have undoubtedly been thrown to the hollow about 20 or 30 feet below. This was the Shabbona—Sterling 7:48 train at West Brooklyn.

Yours very truly,
OLIVER L. GEHANT.

LOCAL STORM NOTES.

Further reports drifting in today bring the news that the house of Charles Leisey in Walton was completely demolished. Mr. Leisey had just moved into the house a few days ago.

Perce Cheney, windmill destroyed and all buildings on the farm moved. The roof and sides of the barn on the R. B. Sanford farm near Ashton were also torn off.

Robert Spratt, R. F. D. 4, outbuildings blown down, roof off hog house and corn crib and roof partially off barn, exposing hay and grain to rain. E. W. Smith, large silo recently erected, blown down.

S. T. Long of Decatur is visiting his brother, N. H. Long, of this city. Mr. and Mrs. Clint Wilhelm and daughter of Nachusa were here Saturday.

Commissioner M. J. Gannon, who has been ill, was further improved today.

Tax Collector Chas. I. Keifer of Amboy returned his books to the county treasurer today.

LECTURE TONIGHT.

The lecture on Jerusalem by E. T. Bailey at the Y. this evening on the Holy Land will probably be the best of the series thus far. He has some excellent stereopticon pictures. The next lecture, a week from tonight, will be the last of the series.

COMPLIES WITH LAW.

A sanitary glass window is being installed at the Athenian candy kitchen, as recommended by the pure food inspector who visited Dixon last week. The window is made to comply with the pure food law, that no candy shall be exposed to the air but must be confined in glass jars, or airtight compartments.

TO FLORIDA.

Henry Smith of Chicago is here attending the shipping of the furniture of his parents, Mr. and Mrs. E. B. Smith, who are now residing in Florida. He is on his way there for a few months' visit with them.

STERLING ELECTRICITY USED IN DIXON TODAY—WATER NEARS HIGHEST MARK

Dixon today depended on Sterling for its electrical power, the rapid rise of the river here rendering the water wheels at the power station useless. The water rose over a foot during the night and at 8 o'clock this morning the water above the dam was at 13 feet, while below the fall the mark was 9 feet and 10 inches. During the morning the river rose gradually with indications that it will not recede for several days.

WONDERFUL PHONOGRAPH

John E. Moyer has on exhibition at his store what is said to be the finest phonograph of its kind ever produced, the Edison disc phonograph. Mr. Moyer is particularly proud of this new musical instrument and invites all to come and hear it. It certainly is a sweet-toned, beautiful instrument.

LETTER TELLS OF OMAHA STORM LOSS

J. P. BAILEY RECEIVED LETTER TELLING OF DESTRUCTION—FRIEND WAS KILLED

J. P. Bailey, state Y. M. C. A. secretary of Nebraska, who is visiting his son, E. T. Bailey, the local Y. M. C. A. secretary this morning described to a Telegraph reporter how the storm that devastated Omaha traversed the city as told in a letter received from Omaha this morning.

"It started from the field club in the southwest part of the city," he said, "and traveled in a path about six blocks wide. It went in a northerly direction, passing over the prominent residence district of the city, leaving in its wake demolished hospitals, churches, the Child Saving institution and the poor farm. It went about two miles in this direction and then veered a little to the northeast and plowed over another section of the city until it reached 24th and Lake streets, where it went straight northeast over Kunz place through the northern residence district, destroying many fine homes. When it reached the Missouri river it struck the bluffs and dropped to a lower altitude and struck the part of the city populated by the poorer classes. I can't believe the report issued that Dundee was wiped out, because it is located west of the path of the storm."

"Several prominent business men were killed or badly injured. The governor of Nebraska rushed to the scene and ordered out three troops of the N. N. G., and some of the troops at Fort Crook, who are patrolling the city to guard against vandalism."

Mrs. E. T. Bailey this morning received a letter from her parents in Omaha assuring her of their safety, but bearing the sad news of the death of Miss Mabel McBride, a friend of the family. Mrs. Arthur Lockwood, who visited here last summer, is reported safe.

Further reports drifting in today bring the news that the house of Charles Leisey in Walton was completely demolished. Mr. Leisey had just moved into the house a few days ago.

Perce Cheney, windmill destroyed and all buildings on the farm moved. The roof and sides of the barn on the R. B. Sanford farm near Ashton were also torn off.

Robert Spratt, R. F. D. 4, outbuildings blown down, roof off hog house and corn crib and roof partially off barn, exposing hay and grain to rain. E. W. Smith, large silo recently erected, blown down.

300 ARE DEAD IN TWIN TORNADOES; LOSS \$15,000,000

Omaha Swept by Two Cyclones, Which Bring Ruin in Territory 8 Miles Long.

40 BLOCKS WRECKED

Thirty Killed in Motion Picture Theater and 50 More in a Pool Hall—Death List Growing.

HOME OF RICH DEMOLISHED

Rescuers Working With Tireless Energy—Millionaire's Mansion Laid Waste by Storm—Many Lives Lost in Council Bluffs and Other Towns Near by.

Chicago, March 25.—A death toll probably reaching 300 with \$15,000,000 property loss was taken by twin equinoctial tornadoes which swept through the middle west.

Omaha, Neb., is the heaviest sufferer with at least 150 dead and devastation totalling twelve millions. This takes no reckoning of the hundreds more who have been injured, scores perhaps fatally.

A broad section of the residential district of the city, abiding places of the wealthy classes was wiped out. Fire added to the general havoc. Panic ensued and state and federal troops have been called out to maintain order.

Other Nebraska towns felt the death-dealing force of the wind which swept over into Iowa as well, Missouri, Indiana, Illinois, Montana, Wisconsin, Kansas and South Dakota.

As far east as Chicago the fatal force of the storm was felt, the toll there being five killed with \$500,000 damage. In Milwaukee, \$200,000 property loss was sustained.

As Omaha was the center of one of the tornadoes, Terre Haute, Ind., became the center of the other.

Twenty-six are dead from the storm which hit the latter city. Fifteen were lost in Yutan, Neb., between twenty-five and thirty-five in surrounding Nebraska towns, ten in Council Bluffs, Ia., while deaths of from two to fifteen persons are reported from score of other small towns through the nine states encompassed by the two storms.

The history of the middle west contains no record of storms of such violence and attended by such appalling loss of life.

Omaha, Neb., March 25.—Two hundred people killed in Omaha and vicinity. Three hundred to five hundred injured. One hundred and fifty residences absolutely destroyed and more than one thousand more or less injured, many to such an extent that they cannot be repaired, is the result of the big cyclone which swept through the very heart of the residence district of the city, cutting a swath four blocks wide and about eight miles long. Five hundred state and United States troops have stood guard all day and are on duty now, patrolling the wrecked district.

The city council voted \$25,000 relief to the stricken people, and all newspapers are collecting subscriptions. The state of Nebraska will probably vote a \$100,000 relief fund in the legislature today.

Property Loss \$12,000,000.

The property loss is simply appalling. By some it is placed as high as twelve million dollars. Insurance adjusters, after a hasty survey of the field, announce the loss to be between \$5,000,000 and \$7,500,000. Most of this huge loss will fall upon the people themselves, as comparatively few carried tornado insurance.

In bringing to Omaha the unenviable distinction of being the scene of the most disastrous tornado to property in the United States, not even excepting that of St. Louis, over a decade ago, the big twister plainly marked its path, the width of which may be measured in feet and inches. Great residences and buildings were cut so cleanly in two that a mathematician might employ the calipers in aligning the exact, razor edge of the storm. As far as can be ascertained, the twister started upon its career of horror somewhere in Cass county, wiping out the town of Yuka and then striking through Waterloo and Ralston. Its zigzag course was baffling, and many towns report losses which indicate that the main stem of the tornado was constantly giving off smaller twisters, which acted as flankers, with the deadly intent of making a clean sweep over the outlying territory.

SISTER OF J. F. HALEY IS DEAD

MISS ROSE HALEY, FORMERLY OF THIS CITY, PASSED AWAY.

J. F. Haley was called to Chicago yesterday by news of the death of his sister, Rose, who passed away at her home, 2904 Racine avenue, Sunday night after a week's illness.

Miss Rose Haley formerly lived in Dixon and was very well known here, and her many friends are grieved to hear of her death. She has made Chicago her home for 15 years.

Besides her brother she leaves five sisters to mourn her loss. They are: Mrs. Wilbur Pierce, Dixon; Mrs. Cyrus Mannigan, Sterling; Mrs. W. S. Kneel, Chicago; Mrs. Mary Pennebaker, Chicago, and Miss Anna Haley, Chicago. One brother, Thomas, preceded her in death.

Funeral services will be held in Chicago Wednesday morning with interment in Sterling. The funeral party will arrive in Sterling over the C. & N. W. at 1:30 p. m. Wednesday, and will go directly to Calvary cemetery, where the remains will be laid to rest beside those of her parents.

GROVER GEHANT FOR JUSTICE OF THE PEACE

YOUNG DIXON ATTORNEY HAS ANNOUNCED HIMSELF AS CANDIDATE.

Grover W. Gehant, a young Dixon attorney of proven ability, has announced himself as a candidate for justice of the peace, subject to the will of the voters April 1st.

Mr. Gehant has practiced law for about a year in Dixon and has his office in the A. C. Bardwell offices. He is ambitious and energetic and capable of discharging the duties of the office in a just and commendable manner. Mr. Gehant's name is deserving of careful consideration.

AUDITED BILLS.

The board of town auditors, composed of the supervisors, highway way commissioners and the justices of the peace, met at Town Clerk Steel's office this afternoon and audited the bills for the month and transacted such other business as must be cleared up before the annual town meeting, next Tuesday afternoon.

PHOTOS OF RELATIVES.

The magazine section of Sunday's Chicago Tribune contains excellent portraits of Mrs. Frank G. Lydston and daughter, Josephine, who have visited the former's sister, Mrs. C. D. Anderson of this city, a number of times and who made many friends during visits here.

ORDINANCE COMPELLING VACCINATION IS DEFEATED IN COUNCIL

DR. E. B. OWENS' VACCINATION ORDINANCE TABLED, 3 TO 1.

MAYOR HAS NEW ORDINANCE

Files Amendment Providing That Only Three Chairs Can Be in Saloon, and Those Behind the Bar.

WHAT THE COUNCIL DID.

Tabled Dr. E. B. Owens' vaccination ordinance despite his threat to "go over the council's head" if small-pox ever appeared in the city or vicinity in alarming severity.

Passed Mayor Brinton's theatre ordinance providing for licensing all theatres.

Mayor Brinton placed on file an amendment to the dram shop ordinance to be voted on next week. The amendment provides that not more than three stools or chairs shall be allowed in any saloon, and they must be behind the bar. The amendment, if passed, will make it illegal for any saloon keeper to have any tables, chairs, benches, seats, stools, boxes, kegs or seats of any kind in the saloons and provides a fine of from \$10 to \$50 for each and every offense.

Last night's meeting of the city council spelled the fate of Dr. Owens' vaccination ordinance which, if it had been passed, would have given school boards of the city the right to exclude any children from school who had not been vaccinated within seven years.

Before any vote was taken on the ordinance Dr. Owens was given an opportunity to speak in favor of his proposed measure. He explained that should small-pox appear and the ordinance be not passed, the school boards would be compelled to call in the state board of health and they would undoubtedly compel such vaccination. He said that the day of danger from vaccination is past and that was only when vaccination would be allowed to become infected that any serious complications arose.

Commissioner Schmidt answered Dr. Owens by stating that the north side board of education was not in favor of the measure and that the physicians themselves were divided upon it, and he moved that it be tabled. Commissioner Van Bibber seconded the motion and it carried, 3 to 1, Mayor Brinton casting the only vote against tabling the ordinance.

The council passed the amusement ordinance last evening, which provides for the licensing of theatres: \$25 for all houses having less than 300 seats and \$50 for places having 300 seats or over. The ordinance however, provides for the collection of but one-half that amount until Jan. 1, 1914, after which the yearly fee will be as above.

Saloon Chairs.
Mayor Brinton placed on file last evening an ordinance to amend the dramshop law, prohibiting more than three chairs in any saloon, all of which must be behind the bar, and making it illegal for any saloonman to have tables, chairs, benches, seats, stools, boxes, kegs or seats of any kind in the saloon other than the three behind the bar.

GOOD TIME AT ELKS.

Several candidates were given the initiatory work at the regular meeting of the Elks last evening, and a pleasant social session followed. The installation of the new officers will take place at the next meeting.

DAUGHTER BORN

Mr. and Mrs. Jake Kraus are the happy parents of a six pound daughter, born yesterday. The mother was formerly Miss Elsie Laus, daughter of Mrs. Anna Laus, Mrs. Kraus is the grandchild of Mr. and Mrs. Peter Hermes and they gladly welcome the advent of the first great grandchild.

States Attorney Harry Edwards is in Sterling today on business.

Fred Hausen of Franklin was here today.

Lawrence Patterson left for his home in Buffalo, N. Y., today, having resigned his position as boiler superintendent at the cement factory.

Ernest Weiner of Reynolds was in town today.

Social Happenings

Visit in Bermuda.

Miss Marie O'Brien is away on a trip to Bermuda with Mrs. H. E. Mayo and son Edward of DeKalb. They will return via New York the first week in April and Miss O'Brien expects to resume her vocal instruction work in Dixon the following week. It is hoped the wind storm prevailing throughout the country will not interfere with their boat trip to New York from Bermuda.

Dance at Elks Friday Night.

A dancing party for Elks and their families will be held at their club rooms Friday evening. Inasmuch as there have been no dancing parties at the club for some time it is anticipated that a large attendance will mark the coming event.

Richardson-Taylor.

Lyle Taylor, son of Mrs. A. B. Taylor, 123 East Second street, and Miss Hazel Richardson of Dixon were quietly married in Freeport yesterday at 3 p. m. The ceremony took place in the Episcopal church, Church of the Epiphany. Rev. Frederick Bate performed the ceremony in the presence of the mothers of the contracting parties, Mrs. Taylor and Mrs. Sell. The church was still beautiful in the decorations of Easter lilies, palms, etc., and the quiet wedding was most impressive.

Mr. Taylor has for some time been chauffeur for the large passenger auto for the cement plant. He is an electrician of ability and is a bright young man with hosts of friends who wish him much happiness. His bride is a sweet and charming young woman possessing many friends, Mr. and Mrs. Taylor will reside at the apartments of his mother and will be at home to their many friends after April 1st.

American Yeomen.

The Brotherhood of American Yeomen will meet tomorrow night at the Van Bibber studio at 8 o'clock. Business of importance.

Chicken Pie Supper.

The M. W. Foresters gave a chicken pie supper in Union hall last night to which the officers of Camp 56 and their wives were invited. The supper was prepared by the ladies of the Foresters and was a grand spread of delicious edibles, and was appreciated by all. After supper music was rendered by Tripper and Schick, and was greatly enjoyed.

Golden Wedding

March 22, 1863 in the old stone church, built before the Lutheran reformation, at Schoenwerder A., Germany, at 2 o'clock in the afternoon, August F. Ohl and Caroline F. A. Bettin took their places before the altar and took upon them vows which have held through half a century of wedded life.

Dissatisfied with the narrow life of the Fatherland, they decided to strike for broader liberty in the magic land of America. In April 1884 they came to the United States and located at Franklin Grove, Illinois, and with their ten children started life anew.

The second week in their new home, Death came and took the youngest child, Frank. Strangers in a strange land with death, sickness, and disappointment, robbed of the first months' pay, they longed for the land they had left; but with brighter days, these yearnings changed, and the land of their choice became the land of their full and heartiest adoption. Two more children were born to them and of these, Anna, the youngest, also crossed the Great Divide, while but a babe, lisping her first words. The other ten have grown to maturity, and all but the youngest have families.

At the celebration which was held at the family home Easter Sunday, forty-five descendants were present, including a goodly representation of four generations. As the whole family is musically inclined, there was not a dull moment in the day. Many of the family had not met for a number of years and not a few met for the first time. But two of the children were absent.

There are ten children living, two deceased; forty-five grand children; one deceased; four great grand children, and with those married, there are in the family circle seventy-nine persons.

In the order of their age the children are:

Carl of Sterling, Ill.; Mrs. Andrew Nelson, Dixon; Mrs. Fred Smith, Sablin, Minn.; Mrs. Andrew Myers, Dixon; Mrs. George Clayton, Nelson; Mrs. Louis Zoeller, Rochelle, Ill.; August of Sioux Falls, S. Dak.; William of Yates Center, Kas.; Herman, of Franklin Grove; Frank, deceased; ceased, (single) Dixon, Ill. and Anna (deceased). The grandchildren are scattered from Minnesota to Texas, and from Illinois to California.

Mr. and Mrs. Kohl are still hale and hearty and live at their first American home, which was being built when they arrived at Franklin Grove April 21, 1884. They have the universal respect of their fellow citizens and the love of their large family circle, and have promise of many days of hospitality to their friends and many returns of the great and happy anniversary day.

When the original family gathered about the family dinner table there was presented to the aged couple, a gold piece from each of their children and an easy rocker of golden oak. Roses, carnations and other flowers were profusely showered by the grandchildren.

Guild Party.

On March 31 the members of St. Agnes Guild will hold a dancing party in the new armory. The hall will be beautifully decorated for the occasion. The floor is in excellent condition. There is a gallery for spectators and an excellent view of the floor is obtained. Miss Hattie Cook will cater. Nothing is being left undone to further the preparations for a delightful evening. The Marquette orchestra will play.

W. R. C. Meeting.

The W. R. C. held their regular meeting Monday afternoon in G. A. R. hall. Kind assistance to those in need and other good reports were made and then a hearty invitation was extended the members of the W. R. C. to attend the bazar given by the Ladies of the G. A. R., from March 31 to April 5. The invitation was given by the president, Mrs. Mae Cupp, of the Ladies of the G. A. R. Circle, to the president of the W. R. C., Mrs. Mary Youngman who, on behalf of her members heartily accepted and promised their aid in boosting the bazar.

Program Postponed.

The Sunday Easter program at the Presbyterian church and which could not be given because of the failure of the lights, will be given next Sunday evening.

Meets Tomorrow.

The Aid society of the north side will meet tomorrow afternoon at the church.

To Entertain Thursday.

Dr. and Mrs. Z. W. Moss will entertain with a dinner on Thursday evening.

At Hermes Home.

Mrs. Anthony Hermes of Sterling and Mrs. Matthew Hermes of Como were entertained at the Peter Hermes home yesterday. Mrs. M. H. O'Neill entertained them at 5 o'clock tea.

Supper and Sale.

The Ladies of the Baptist church will hold an apron sale and supper in the parlors of the church Tuesday afternoon, April 1.

Mrs. Anna Austin leaves today for Elgin for a short visit, after which she will join her daughter, Frances, for a week's stay in Chicago.

Entertained.

Mr. and Mrs. J. H. Bachman entertained at Easter dinner Mr. and Mrs. Frank Senger of Franklin Grove Mr. and Mrs. M. D. Grimes and Mrs. Antoinette Miller. A delicious four-course winner was served and a delightful time enjoyed.

Mrs. Peterson Surprised.

Mrs. Margaret Peterson was delightfully surprised last evening at her home, 612 Highland avenue, by 25 members of the Ladies of the G. A. R. Circle, who called to do honor to her birthday anniversary. Music, games, etc., passed the evening pleasantly and as a token of esteem the friends present gave Mrs. Peterson a handsome gold lodge pin. A delicious supper was enjoyed and a very happy evening passed.

Thursday Dinner Club.

The Thursday Dinner club meets Thursday with Mrs. Will Fletcher.

Marine Band Dance Success.

The Dixon Marine band gave a dance last evening in the new Armory and the large crowd of people attending enjoyed themselves until a late hour. The band furnished the music and it was most inspiring to dance to, and dancing was indulged in until a late hour. The floor was in perfect condition and the decorations beautiful. Misses Cook catered. Everywhere today expressions of pleasure are heard in regard to the pleasant event.

Dorcas Ladies.

The Dorcas ladies will meet at the church tomorrow afternoon to cut aprons. Each member is requested to come early and bring patterns and scissors.

K. & L. of S.

There will be a meeting of Knights and Ladies of Security Wednesday at Union Hall. There will be a social and dance. All members are requested to be present and bring friends and have a good time. Meeting at 8 sharp.

At Krayzer Home.

Miss Mayme Burke and Ray Fortney and Will Virgil were guests at the M. Krayzer home and attended the Easter dance last night.

Daughters of Covenant.

Daughters of the Covenant will give a Chinese tea and candy sale at Moeller & Wilson's store, 120 East First street, Saturday afternoon and evening, March 29, from 3 to 8. Tea, cakes and wafers will be served during the afternoon and candy of most excellent quality will be on sale.

From 5 to 7 the young ladies will serve genuine Chinese chop suey, and it is hoped many will find it convenient to take supper with them.

For Miss Noble.

Mrs. Geo. Downing delightfully entertained the members of the Kendall club and a few other friends on Saturday afternoon for Miss Hazel Noble. Bridge and needlework kept the guests busy. A tempting two-course luncheon was served by the hostess, the table being done in yellow and white, jonquils, hangers of spring, being the flowers. The hostess presented Miss Noble with some fine linen.

Ladies' Gym Class Friday.

The ladies' gym classes of the Y. will be held Friday instead of Thursday owing to the fact that the business men's class has changed the date of its banquet to the wives of the members to Thursday instead of Friday, as originally planned. The business men will hold their class at 5 o'clock, serving a banquet to the ladies at 6:15.

Meeting Postponed

The meeting of the K. B. Aid society, to have been held with Mrs. Tryon Rosbrook of the Bend, tomorrow, has been postponed indefinitely on account of the bad roads.

STOMACH STARERS EAT ANYTHING NOW

NO INDIGESTION, DYSPEPSIA OR SOUR, GASSY, UPSET STOMACH FOR "PAPE'S DIAPYPSIN" USERS.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapypsin and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterward.

If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapypsin and take a dose just as soon as you can. There will be no risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness of heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapypsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

Cured To Stay Cured

Varicocele, Stricture, Contagious Blood Poison, Nervo-Sexual Debility and all Reflex Complications and Associate Diseases

DR. GUTHRIE.

The Successful Specialist, who has cured so many in Illinois, will be in his office, Corner 1st Ave. and Third St., Saturday, March 29th, from 10 a. m. to 8 p. m.

Whatever may be the cause of Varicocele, its injurious effects are well known. It degrades the mind, weakens the body, racks the nervous system, and ultimately leads to complete loss of sexual power. If you are a victim of varicocele come to my office and let me explain to you my process of treating it. You will then not wonder why I have positively cured more than 12,000 cases of this dire disease during the past twenty years. Under my treatment the patient improves from the very beginning. All pain instantly ceases. Soreness and swelling quickly subside. The pools of stagnant blood are forced from the dilated veins, which rapidly assume their normal size, strength and soundness. All indications of disease and weakness vanish completely, and in their stead come the pride, the power and the pleasures of perfect health and restored manhood.

It matters not how long you have suffered from Stricture, or how many different doctors have disappointed you, I will cure you just as certainly as you come to me for treatment. I will not do it by cutting or dilating. My treatment is new, entirely original with me, and perfectly painless. It stops every unnatural discharge, allays all inflammation, reduces the prostate gland when enlarged, cleanses and heals the bladder and kidneys when irritated or congested, invigorates the sexual organs and restores health and soundness to every part of the body affected by the disease.

NERVO-SEXUAL DEBILITY. Men, many of you are now reaping the result of your former folly. Your manhood is failing and will soon be lost unless you do something for yourself. There is no time to lose. Impotency, like all sexual diseases, is never on the standstill. With it you can make no compromise. Either you must master it or it will master you and fill your whole future with misery and indescribable woe. I have treated so many cases of this kind that I am as familiar with them as you are with the very daylight. Once cured by me, you will never again be bothered with emissions, drains, prematureness, small or weak organs, nervousness, failing memory loss of ambition or similar symptoms which rob you of your manhood and absolutely unfit you for study, business, pleasure or marriage. My treatment for men will correct all these evils and restore you to what nature intended — a hale, healthy, happy man, with physical, mental and sexual powers complete.

ASSOCIATE DISEASES. In curing a disease of any kind I never fail to remove reflex complication. If the case is Varicocele, the weakness caused by it disappears. If it is Stricture, and has developed into Prostatic, Bladder or Kidney affections, the injured organs are all restored to a perfectly healthful condition. If it is Contagious Blood Poison any, and all Skin, Blood and Bone diseases arising from the taint are entirely and permanently eliminated from the system. If it is impotency, the many distressing symptoms following in its train and indicating a premature decline of physical, mental and sexual powers are totally removed and rapidly replaced by the youthful energy of robust manhood. Hence all resulting ill and reflex complications which may be properly termed associate diseases, and which in fact are often more serious than the original ailment that gives rise to them—all, I say, disappear completely and forever with the cure of the main malady.

Dr. Guthrie will be at the Nachusa House Dixon, on Friday March 28 from 11.30 a. m. to 8 p. m. and return every 4 week

How to Make Better Cough Syrup than You Can Buy A Family Supply, Saving \$2 and Fully Guaranteed.

A full pint of cough syrup—as much as you could buy for \$2.50—can easily be made at home. You will find nothing that takes hold of an obstinate cough more quickly, usually ending it inside of 24 hours. Excellent, too, for croup, whooping cough, sore lungs, asthma, hoarseness and other throat troubles.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

This is just laxative enough to help cure a cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant.

The effect of pine and sugar syrup on the inflamed membranes is well known. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in gualiac and all the natural healing pine elements. Other preparations will not work in this formula.

The Pinex and Sugar Syrup recipe is now used by thousands of housewives throughout the United States and Canada. The plan has been imitated, but the old successful formula has never been equaled.

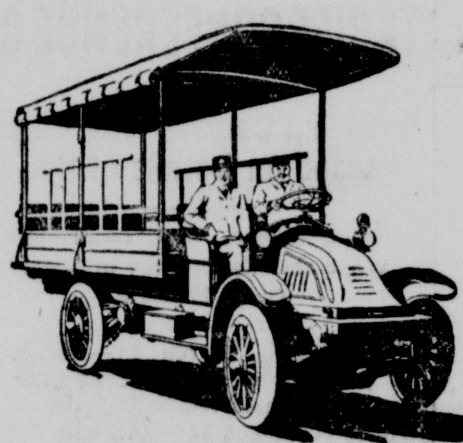

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Mr. Jos McCleary, chairman building committee of Lee county, Dixon, Illinois.
Dear Sir:
By request of Mr. Durance Thompson, beg to submit the following prices for lighting the posts at the entrance to the court house on Second street with 1-250 watt lamp in each of the 2 posts and 5-60 watt lamps in each of the two posts at the door of the court house:
2-250 watt lamps at \$33.50 each per year and 18-60 watt lamps at \$8.84 each per year make a total of \$156.00 per year, the lamps to burn each and every night until 10 o'clock except Saturday nights on which

nights they will burn until 12 o'clock. These prices include the electricity used, lamps, renewals and patrolling of the same for a period of two years. The prices given are net.
Trusting this will meet with your approval, I remain,
Yours truly,
CHARLES B. YONTZ,
General Contract Agent.
Whereupon Supervisor McCleary, moved that said proposition be accepted and said matter now coming up for consideration, and the ayes and nays being called for and said matter now coming on for a vote, the result of said vote was as follows: Ayes: Supervisors Cook, Heibenthal, Gross, Prescott, McCleary, Burkett, Self, Bauer, Long, Buckaleo, Drew, Young and Malach, 14. Nays: Wagner, Banks, Hanson, Welty, Buckley, Emmert, Grove and Wells. The B F Shaw Ptg Co present the following proposition:
To the Honorable Members of the

Board of Supervisors of Lee County: Gentlemen:
For several years we have been setting up and publishing the supervisors' report at a price that entails a great loss to us, as it does not cover the cost of even the composition. In the future we will be obliged to charge at the rate of 15 cents per inch or \$3 per column. At this price we will publish the report in three papers published by us, namely: The Dixon Evening Telegraph, The Dixon on Telegraph (semi-weekly) and the West Brooklyn News semi-weekly. The subscription lists of the above mentioned papers completely cover Lee county and your report would be given ample publicity without its being published in other papers. We hope that you will see our proposition in a favorable light. A regular advertiser would be charged at the rate of 10 cents per line for the same service, which would amount to about 70 cents per inch.
Very respectfully yours,
B. F. Shaw Printing Co.
By M. S. Shaw, President.
The printing committee recommend that the B F Shaw Printing Co be the official paper for printing the supervisors report for the ensuing year at prices as per letter attached, which report must be printed in each of their three papers within one week after receiving copy from the county clerk.
Thos P Long,
J P Malach,
James Buckley,
J M McCleary,
F G Emmert.
On motion of Supervisor Buckaleo duly seconded by Supervisor Buckley said recommendation of the printing committee is concurred in by the board.
The education committee present their report recommending the allowance of the following claims, which said report is approved by the board and the clerk is directed to issue orders as follows:

On motion of Supervisor Buckley, board adjourned until tomorrow morning at 9 o'clock.
On Thursday March 13th A D 1913
State of Illinois, Lee County, ss.
On Thursday the 13th day of March, A D 1913, at the hour of 9 o'clock in the forenoon the board of supervisors of Lee county, Illinois, met pursuant to adjournment. Present same as on yesterday.
The minutes of yesterday's proceedings were read and approved by the board.
Supervisor Buckaleo moved to reconsider the matter of the proposition of the Illinois Northern Utilities company, to furnish light for lighting the two posts at the north entrance to the court house on Second street, and the two posts at the entrance to the north door of the court house, which motion was duly seconded by Supervisor Welty, and said matter now coming on for consideration, the same was declared duly carried by the chairman. And now upon motion of Supervisor Banks, said matter of the lighting of the court house yard, as proposed by said Illinois Northern Utilities Company, is placed in the hands of the building committee.

RICH EVENING CLOAKS WORN

Chasuble Design Considered Very
Smart, Though Those With Trains
Have a Following.

The chasuble coat, subjected to
adaptations and constricting bands be-
low the waist, is very smart. So also
is the cape-shaped shawl wrap of
plain fur, which can be worn over the
evening cloak and retained when the
cloak is left. A delightful evening
wrap follows rather the shape of the
cardinal's robe and is carried out in
chiffon velvet. The wide, plain shoul-
ders are very effective.

Trained evening cloaks are coming
in, another instance of the impractic-
able way in which most fashions are
designed. A cloak should never touch
the ground anywhere, and when it is
designed for evening wear, and is
therefore likely to have a long gown
beneath it which has to be held up on
leaving theaters and restaurants, it
ought also to be so arranged that the
fulness of the skirt can be brought
round in the land to the front, where
the cloak opens.

Therefore, a coat which fastens all
the way down the front and trails be-
hind violates two of the most impor-
tant rules which ought to regulate the
make of that particular garment. But
fashion has not much to do with rules.

WHITE HANDBAGS TO REMAIN

With Costumes of the Same Color
They Are as Popular as They
Are Ornamental.

White handbags with white cos-
tumes are still the correct thing, but
they are not of the same materials
as were those carried with the mid-
summer lingerie frock, and they are
vastly more ornamental. They also
are more expensive, unless you have
the time and the skill to make one for
yourself of silk and beading. The
handsomest bags, whether of flat en-
velope, round or square shape,
mounted on silver or white composi-
tion frames, are of bengaline incrust-
ed with a design done in crystal or
pearl beads and finished with bead fringe
and silk cordage handles. Some of
the bags do not show any of their silk
foundation, that being concealed by a
background of clear crystal beads,
against which is worked a design in
pearl beads.

Really stunning and not expensive
(if home made) are the handbags of
heavy corded white silk elaborated
with Berlin cut work. These are
fringed heavily knotted, scalloped
on the flap and suspended from the
wrist by a long and heavy cordage
in silk.

SHOWN IN ODD ARRANGEMENT

Newest Hats Have Ostrich Feathers
In Unusual Effects, Though the
Style is Certainly Chic.

Ostrich feathers are being disposed
in many ways, more or less unusual,
on certain of the newest hats. Some-
times they curve out quite suddenly
from under the brim on one side,
and in other instances they circle the
crown, and then stretch out beyond
the coiffure for quite a long distance
at the back.

Yet another variety of chapeau is ar-
ranged with a soft bent crown in chif-
fon velvet, a broad brim of brocade,
with raised designs in plush on a
crepe de chine ground, and one long
ostrich feather standing perfectly
erect in front. These hats, with full
velvet crowns and brims or brocade,
look particularly smart when they are
chosen in black and trimmed with
ostrich feathers in some vivid shade
of orange, emerald green or cerise.

BANDITS NOW USE BIOGRAPH

Traveler Falls an Easy Victim of
Their Trick When They Hire
Him as Actor.

Cologne.—Up-to-date highwaymen in
Germany are now using the biograph
as an accessory.
Franz Kugler, while walking along
the banks of the Rhine, encountered
a couple of thugs, robbing a woman.
He interfered and they took to their
heels. While the woman was profuse-
ly thanking her rescuer, a well-
dressed stranger, stepping out from
behind a boulder, introduced himself
as the manager of a moving picture
concern and expressed his apprecia-
tion of the part Kugler had unwitting-
ly played in the little drama. In fact,
he was so impressed with Kugler's
historical ability that he offered him
a job as actor on the spot.

Kugler accepted, and when it came
his turn to pose before the camera
allowed himself to be robbed. His
pocketbook, watch and chain and
other valuables were taken; then he
was knocked down and left uncon-
scious.

On recovering, Kugler found his fel-
low "actors" had disappeared along
with the "manager" and the camera
man.

links and on the verandas of the club
houses, saw the work of devastation
in progress. The western boundary
lay along the Falls City branch of the
Missouri Pacific until Forty-eighth
and Leavenworth streets was reached,
when the tornado turned to Farnum
Hill residence district.

At this point the path was about
five blocks in width and nothing but
ruin was left within its confines.

Great, beautiful homes were in a
twinkling converted into dismantled,
torn and wrecked nothings. In many
cases the whole house was shoved
from its foundation, clattering into
the street. Big cupolas that lent a
distinctive note to these myriads of
picturesque homes, were torn and dis-
torted, blown away or crushed, usual-
ly carrying the rest of the house with
it. From the entrance of the storm
into Bemis park it appeared to have
broadened its scope. Relentlessly it
tore a path through block after block
of store buildings, flats and homes.
In Kountze place the scene of devas-
tation equaled that in any other dis-
trict. Binney street, recognized as
one of the prettiest thoroughfares in
Omaha, from the boulevard east to
Sherman avenue, is rendered impass-
able.

The residences destroyed in the de-
structed Farnum district averaged in
cost from \$15,000 to \$50,000. Among
the finest residences razed were those
of George Joslyn, "the million-dollar
castle," Howard Baldrige, N. F. Bax-
ter, Charles R. Sherman, C. E. Black,
C. H. Pickens, Sidney D. Barkalow, E.
A. Parmelee and G. L. Hosmer.

Injured Scream in Agony.
As soon as the storm passed, a great
stillness prevailed for a space of five
minutes. Then began the screams of
the injured and the frightened. The
cry arose into a mighty shriek as it
swept onward in the wake of the tor-
nado. It was augmented soon by the
shouts of the uninjured as they joined
in the work of rescue. Soon the
streets were littered with the wound-
ed and the dead. The debris was so
great that automobiles and ambulances
could make no headway. The streets
were made dangerous by dangling live
electric wires, which spitted blue
flames when they came in contact
with the earth. The storm formed
from the junction of two clouds, and
while being observed by thousands,
suddenly turned into a twister and
darted with the speed of a limited
train to the northeastward.

It came into the city limits at Fif-
tieth and Leavenworth streets, crossed
Farnum at Fortieth, Cass at Thirty-
third, Lake at Twenty-fourth, Sher-
man avenue at Binney and passed
across the Missouri river into Iowa,
wrecking the mile-long viaduct of the
Illinois Central railroad as it did so.

Just before crossing the river, the
brunt of the storm struck the Mis-
souri Pacific roundhouse and demol-
ished it, together with the locomotives
within. The Northwestern round-
house, which stood close by went
down into smithereens.

At the Child Savings institute, one
little baby was simply pulled out of
a window by the force of the wind
and dashed to death a quarter of a
mile away.

40 Negroes Die in Pool Room.
At Twenty-fourth and Lake streets,
forty negroes were gathered in a pool
hall. The place was completely de-
molished and six negroes have been
taken from the place dead. Thirty
others are believed to be beneath the
wreckage, but their numbers are not
included in the list of 200 dead. With-
in a block of the same place the Di-
amond moving picture show was in full
blast. The building went down like
a house of cards and is believed to
have buried at least 75 in the ruins.
Nor are these included in the list of
the dead.

Constantly new deaths are reported.
At least fifty names have been added
to the dead since noon. The full list
will not be known until the debris is
cleared away, and by many is believed
at least 250 perished.

OBITUARY

GEORGE LEONARD MAXWELL

George Maxwell, who died at his
home in Jerome, Idaho, Friday night,
March 21, was a son of Alonzo Samu-
el and Isabella Means, Maxwell.

George Leonard Maxwell was
born in Dixon, Lee county, Illinois,
May 22, 1865, being one of a family
of six children, all having been born
in what is known as the Maxwell
homestead, 410 W. Second street,
where they all grew to manhood and
womanhood. He received his educa-
tion in the Dixon Public schools and
in the Dixon College.

He belonged to the Masonic order,
was a member of Friendship lodge,
No. 7, A. F. and A. M., Dixon, Ill.,
and in religion was a Presbyterian,
and in politics a republican.

His parents were among the pio-
neer settlers of Dixon, the mother
coming to Dixon in 1844, being one
of ten charter members who organ-
ized the First Presbyterian church of
Dixon.

Mr. Maxwell Sr., came to Dixon
about 1852. He was closely associat-
ed in the building and construction
of Dixon, having built Dixon's first
skyscraper, known as the "Exchange
Block." Mr. Maxwell owned and op-
erated a large two story planing mill,
situated on what was then known as
Market street, now Highland, and
was where the feed shed now is.

He employed a gang of some six-
teen men, having from three to five
or more buildings under construction
at the same time, for the building
boom in Dixon was then on.

George L. Maxwell was married to
Lida May McKean, June 8, 1892 at
Franklin, Mercer county, Pa., going
directly to Kearney, Neb., to live,
where he was interested with his two
older brothers in the gas business,
and later lived in Beatrice, Neb.

Maxwell brothers having built, con-
trolled and operated three gas plants
at Grand Island, Kearney, and Bea-
trice, Neb., a brother located at each
place. They afterwards sold all their
interests to an electric light company.
George then returned to Dixon with
his family in 1898, where he lived
until just four years ago when they
went to make their home in Jerome,
Idaho. He leaves to mourn his death
an "ideal family" all of whom were
thoroughly devoted to him, doing for
him in every way, for he was a kind
and loving husband and father who
will be greatly missed. The family
consists of a most loving and devoted
wife and five children: Leonard, the
oldest son, aged about 20, who has
taken up civil engineering; Margaret
age about 16, at school, Mildred Vir-
ginia, Dorothy Ann, and Edwin Phil-
lip, about a year and a half old. The
second son, Stewart DeClifford, died
and was buried at Beatrice, Neb.,
Sept. 17, 1896, being about ten
months old.

Mr. Maxwell also leaves three bro-
thers and two sisters. They are Al-
bert Samuel of Chicago, Edwin Philip
of Fort Canderdale, Fla.; Frederick
James of Fond du Lac, Wis.; a sister,
Jennie Little Maxwell, now Mrs. N.
W. Steiner of Rock Island, Ill., and
Cora Isabelle, wife of Samuel S.
Kaylor, 812 W. First St.

MRS. ISABELLE RICHOLSON

Mrs. Isabelle Richolson was born
near Stavanger, Norway, Sept. 26th,
1834, and died at Steward, Illinois,
March 13, 1913, at the age of 78
years, 5 months and 15 days.

She was one of a family of eight
children and when eleven years of
age came to this country with her
parents, Mr. and Mrs. Andrew Rich-
ardson, and settled in La Salle coun-
ty, Illinois. On March 25th, 1852
she was united in marriage to
Omund Richolson, who died in 1890,
and she cheerfully shared with him
the burdens of pioneer life. Unto
them were born eight children: Ellen
Andrew, Richol, Dan, John, Cath-
arine, Isabelle and Eddie, all of whom
are living with the exception of Rich-
ol, who died in 1890, at the age of
thirty-three years and Eddie, who
died in infancy. Mrs. Richolson filled
in a perfect measure the sacred of-
fices of wife, mother, grandmother,
great grandmother and friend and her
devotion her family owes much
that makes life worth living, and her
neighbors are indebted for many a
kindly act. In 1853 she became a
member of the Methodist Episcopal
Church. She has been a conscien-
tious Christian, kindly and charit-
able in her disposition, and held in
universal esteem throughout the
community. Besides three sons and
three daughters she leaves to mourn
her loss fourteen grand children and
two great grand children and many
friends.

Mrs. A. W. Lord has gon to Chica-
go for a few days.

Mrs. Will Wilson and Miss Carrie
Smith went to Polo today to attend
the funeral of Mrs. I. C. Smith.

Miss Jean Hitchcock is home from
Chicago.

WINNING BROS.

"The Man Who Stood Still" was
well rendered by the Frank Winn-
inger company at the opera house last
evening and was greeted by almost a
capacity house. Frank of course was
the star of the play and his comely
work always takes. In last night's
play he undertook a part, that of the
old jeweler, Kraus, which is a little
unusual for his line of work, but
which he successfully filled. The rest
of the company is practically un-
known to Dixon theatre goers, but
will probably become favorites here

DEATH AND RUIN IN CHICAGO STORM

Terrific Wind, Hail and Lightning Kills Four and Hurts Many.

HEAVY DAMAGE IN MILWAUKEE

City of Aurora, Ill., Left in Total Darkness and Water Supply Threatened as Result of Tornado—85 Buildings Are Destroyed.

Chicago, March 25.—Calamity rode over Chicago in the violent storm which broke upon the city and left in its wake four dead, scores injured, at least fifty wrecked houses and cyclonic disorder. The storm, made awful by the high wind, was accompanied by slashing sleet and hail and its greatest force was felt on the Northwest side of the city. The wind came out of the northwest, preceded by ominous rumbles of thunder and play of lightning. Heavy black clouds, scudding low over the earth, were driven across the city. Within a short time the wind blew at hurricane pace. Houses were overturned, windows crashed inward, trolley poles were snapped off and fire alarms sounded from all sections of the city.

Hundreds of persons fled from their homes in terror, scantily clad, when the hurricane struck, shortly after 1 a. m.

\$228,000 Damage at Milwaukee.

Milwaukee, March 25.—Damage estimated at \$228,000 was done by the severe wind storm that swept Milwaukee, many signs, plate glass windows, etc., being wrecked.

Five of the six coal conveyors of the St. Paul & Western Coal company went down almost simultaneously. The wind twisted the skeleton work and hurled the heavy masses to the dock. It will be weeks before the damage can be repaired.

The largest electric sign in the city, on the roof of the Majestic building, went down early in the morning. It had been in place only two weeks. The sign was nearly fifty feet tall. Its letters were 36 feet high. Fortunately for the buildings adjacent the entire sign fell on the roof of the building.

The Menominee river was transformed by the flood which followed in the wake of the storm from a peaceful stream to a raging torrent, which did considerable damage in the low-lying region in the western part of the city.

Much Damage in Aurora.

Aurora, Ill., March 25.—The city of Aurora was in darkness last night and there is danger of the water supply being cut off as a result of the storm. The water in Fox river has risen eight feet and there is hourly danger that the stream will overflow its banks and flood the business district of the city. Superintendent of Waterworks Stinson says if the water rises five inches more the city waterworks will be flooded, leaving the 30,000 residents without drinking water or water for fire protection. With fallen high power electric wires enmeshed over the city, there is great danger of fire. The river has been going up hourly and scores of buildings, including the Big Fox theater, are flooded.

Aurora and the surrounding country suffered more than \$300,000 damage in the tornado. In the country immediately adjacent to Aurora 85 buildings, mostly on big stock farms, were blown down. More than one thousand head of cattle and horses were killed at Naperville. A section of the factory of the Naperville Lounge company was blown down, causing a loss of \$60,000. The same danger of a flood in Aurora threatens towns throughout the Fox River valley.

RESCUED IN MID OCEAN

43 Passengers on Disabled Ship Transferred at Sea.

Steamer Harfleur Saves Crew of Norwegian Bark Rimao From Starving—Vessels in Distress.

New York, March 25.—A wireless message reporting the disablement of the Swedish steamer Texas, of the Norway, Mexico and Gulf line, and the transfer of her forty-three passengers at sea was received here by the Scandinavian American line.

Beckamed in mid-Atlantic with all hands starving and with seven other vessels in sight but unable to give help, was the condition in which the steamer Harfleur found the Norwegian bark Rimao on March 17. A boatload of provisions was sent her from the Harfleur. The captain of the Rimao declared that they had been on short rations for more than a month and that the last food had been eaten when the Harfleur hove in sight.

Mobile, March 25.—Four vessels in distress obtained assistance at the port of Mobile.

Chemical Society in Session.

Milwaukee, March 25.—President Arthur D. Little of the American Chemical society presided today over the opening session of that organization's annual meeting at Marquette university. It was a general session, of all divisions and sections and was attended by many of the most eminent chemists in the country.

AMBOY ITEMS

Amboy, Mich. 22—John Canavan returned from Chicago the last of the week where he went because of illness of his brother, who is in a hospital there.

The Boston Lyrics, three people, will entertain at the opera house on Monday, March 24, the fourth in the lecture course. No doubt this will be a fine entertainment. The last number of the series will be The Anitars.

A little daughter came to the home of Mr. and Mrs. Allan Tait Friday, March 21.

There will be a dance at the opera house Wednesday evening, March 26. Leakes orchestra will play.

Miss Ruth Wilcox came down Sunday from Dixon and spent the day with relatives.

Mr. Banker, who lives with his sister, Mrs. Holmes, north of town, is very poorly.

Junior Klein is now the possessor of a new Indian motorcycle.

School will open Tuesday after a few days' vacation.

Will Gridley returned to Champaign Tuesday.

Ruth Keefer spent Monday in Dixon.

The severe wind Sunday evening did much damage in this vicinity and community. A number of large trees were torn up by the roots in City park, while the rain fell in torrents.

In the country small buildings were moved from their foundations and in general much damage was done.

M. A. Peoples spent Monday in Aurora.

Miss Grace Cavins and Mary Virgil returned Monday evening from a short visit in Bloomington.

P. M. James spent Monday in Aurora.

DON'T SCOLD CROSS IRRITABLE CHILDREN

SEE IF TONGUE IS COATED, STOMACH SOUR AND BOWELS WASTE-CLOGGED.

Children dearly love to take delicious "Syrup of Figs" and nothing else cleans and regulates their tender little stomachs, liver and 30 feet of bowels so promptly and thoroughly.

Children get bilious and constipated just like grown-ups. Then they get sick, the tongue is coated, stomach sour, breath bad; they don't eat or rest well; they become feverish, cross, irritable and don't want to play. Listen Mothers—for your child's sake don't force the little one to swallow nauseating castor oil, violent calomel or harsh irritants like Cathartic pills. A teaspoonful of Syrup of Figs will have your child smiling and happy again in just a few hours. Syrup of Figs will gently clean, sweeten and regulate the stomach, make the liver active and move on and out of the bowels all the constipated matter, the sour bile, the foul, clogged-up waste and poisons, without causing cramps or griping.

With Syrup of Figs you are not drugging or injuring your children. Being composed entirely of luscious figs, senna and aromatics it cannot be harmful. Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. This is the delicious, genuine old reliable. Refuse anything else offered.

The Edison Disc Phonograph

The most wonderful musical instrument of the age has come to Dixon and will have a permanent place of exhibit at the Moyer Furniture Store, 84 Galena Ave. We bespeak for it many friends and are sure it will find a place in many homes. Homes in which there are musical critics many years of labor and study by the greatest inventor of the age, Thomas A. Edison and at an expense of untold wealth. But stop and consider Thomas A. Edison does not put anything on the market until he knows it is perfect. This applies to this musical wonder and to hear it means the desire to possess it.

We shall give a series of recitals to which we invite everybody within the reach of this city. We urge that you take advantage of this opportunity to hear the human voice reproduced as never before by any sound reproducing instrument. This is the only sound reproducing instrument using a disc record that has a permanent diamond point and an indestructible record, and another most commendable feature, an automatic stop. The ten inch record playing four minutes instead of two as in other makes of disc records.

Our store will be open evenings this week in order that everyone may have an opportunity to hear this great entertainer.

We especially urge Sterling, Amboy, Polo, Ashton, Franklin Grove and surrounding towns people to come.

DEMENTTOWN ... DOINGS

It looks as if the backbone of winter is going to be as hard to break as the deadlock at Springfield.

It is stated that it costs \$500 to be presented to the English court. That is in London, of course. It can be done in Dixon for \$1 and costs.

There is no danger of the table at the city council rooms breaking down under the load of ordinances which are heaped upon it to meet a natural death.

Goose Hollow Letter

Amariah Tilson, our gentlemanly and congenial tonsorial artist, lent his razor to Abijah Wicks at the hotel for to cut some ham for sandwiches, and a traveling drummer who dropped into the barber shop to get shaved had to wait for ten minutes while Am ran up to the hotel and got it. Miss Lottie Bibbins made some cookin' school doughnuts the other day and Grandpa Bibbins is carrying one in his pocket to scratch matches on.

The oyster supper given by the Ladies Aid in the Hard Shell church was quite a success. One fellow found an oyster. Since Amos Higgins has been the town nightwatch he ain't even troubled with insomnia. There was quite a fire panic at the meeting house last Sunday morning during service. Hank Tumms was sitting in the back seat near the stove and just when Rev. Hanks said, 'Repent, ye sinners, before it is too late, or you will perish in eternal fire,' Hank's celluloid collar caught fire and blazed up like a campaign flambeau. Hank's hair was all singed off and he had to run out doors and jump head-first into the mill pond to squench the flames. Hank sez the reverend gets too personal with his sermons.

TERRA HAUTE BADLY RAVAGED

Residence District Struck Heavily by
Tornado Which Demolishes Prairie-
ton and Mows Down Farmhouse
in Vigo County.

Terre Haute, Ind., March 25.—Twenty-six victims of a tornado which swept the southern part of Terre Haute and Vigo county late in the night have been identified and more than seventy-five injured are being cared for in improvised hospitals. Several more bodies are expected to be found when the ruins of 200 homes, leveled by the storm, have been cleared away.

At the request of Mayor Gerhardt, Governor Ralston ordered out Company B of the Indiana National Guard to patrol the devastated district and help in the rescue work.

More than 150 persons were made homeless and the city council in extra session appropriated \$500 to start a relief fund.

Telephone messages reaching here from Prairieton, nine miles south, state that nearly every house in the town had been destroyed, and that many homes between here and that place had been leveled.

Torrential rains accompanied the tornado and probably saved many persons, pinned in the wreckage, from burning to death, as electric wires and lightning fired the debris in many instances.

The bodies of Carter and his wife,

first recovered, were found under

the crushed roof of their home, while

the mangled body of their child was

found fifteen feet away.

Mrs. Flora Woods, 2424 South Third

street, was found unconscious seventy

feet from her home. She had her small

baby clasped in her arms. They were

carried into the Third United Breth-

ren church, which, together with the

Greenwood school, had been converted

into a temporary hospital, and given

medical attention.

On Verheese street, between Third

and Fifth streets, every house was

leveled with the ground. When the

ambulances and automobiles which

were pressed into service reached the

devastated district the injured had to

be carried two blocks on stretchers

because of the debris which blocked

the streets.

Floods Cause Distress.

Wabash, Ind., March 25.—The worst

flood known in Wabash for thirty

years is driving hundreds of residents

from the lowlands and many are

homeless after being forced to desert

their homes earlier in the day. Traffic

on traction lines is entirely suspended

and many factories have been forced

to close down.

WILSON OFFERS TO AID

President Will Help Omaha If
Found Necessary.

Wires Mayor to Learn Whether the
Stricken City Requires Any As-
sistance From Uncle Sam.

Washington, March 25.—President
Wilson telegraphed Mayor Dahlman
of Omaha as follows:

"I am deeply distressed at the news
received from Nebraska. Can we help
in any way?"

Mayor Dahlman replied as follows:

"The president: We deeply appre-
ciate your offer of assistance, but our
people are responding nobly and I
believe we can handle the situation.

Major Hartman and his men of Fort
Omaha came promptly to our assist-
ance and are doing great work. The
people of Omaha desire, however, to
express their gratitude to you for your
message of sympathy."

Surgeon General Blue of the public
health service at Washington has or-
dered Surgeon J. O. Cobb of the United
States Marine hospital, in this city,
to hold himself in readiness to go to
Omaha to assist the health authorities
there in preventing the spread of dis-
ease which might follow in the wake
of the disaster.

Ernest P. Bicknell, director of the
American National Red Cross society,
at Washington, has telegraphed to
Governor Moorehead of Nebraska, ten-
dering the services of the Red Cross.

Mr. Bicknell also wired to other
towns where the storm is reported to
have caused loss of life. He planned
to send relief trains to Omaha with
nurses, doctors and supplies as soon
as possible.

He also instructed E. L. Dies of
Chicago and C. M. Hubbard of St.
Louis, two Red Cross special agents,
to proceed at once to Omaha if they
are in receipt of reports which indi-
cate a situation requiring heroic mea-
sures. Otherwise they were directed
to hold themselves in readiness for
orders from Washington to proceed to
Omaha at a moment's notice.

As the second division, central de-
partment of the army, whose head-
quarters is Chicago, is now mobilized
in Galveston, Tex., the only federal
troops near Omaha available for re-
lief work there are members of one
company of the signal corps, compris-
ing about 100 men, stationed at old
Fort Omaha.

Colonel Hoyle, in charge of the di-
vision headquarters at Chicago, in
notifying the war department of the
disaster at Omaha, said he had in-
structed Maj. C. F. Hartman at Fort
Omaha to place the few troops there
at the disposal of the civil authorities.
This action was approved by the de-
partment.

N. Y. YACHT CLUB FIRM

Refuses to Reconsider Lipton's Chal-
lenge for America's Cup.

New York, March 25.—A cable mes-
sage was flashed to the other side of
the ocean by the New York Yacht
club informing the Royal Ulster Yacht
club that the former would decline to
reconsider Sir Thomas Lipton's chal-
lenge for a race for the America's cup.

The cablegram which was sent by the
club committee will undoubtedly be
ratified by the club at the special meet-
ing Thursday night called for the pur-
pose of considering the matter.

House of Commons New Move.

London, March 25.—For the first
time in living memory the house of
commons sat on Easter Monday.

Many members displayed their resent-
ment at the attempted curtailment of
their brief Easter holiday by remain-
ing away.

of his associates on the board.

Be is resolved by the board of su-
pervisors of Lee county, Illinois, that
we tender our sincere sympathy to the
members of his family, that a
copy of these resolutions be spread
upon the records of this board, and
that the clerk of this county, trans-
mit a copy of the same to the family
of the deceased.

Supervisor Cook presents the fol-
lowing resolution and moves its ad-
option, which said resolution was ad-
opted by the board.

To the members of the General As-
sembly of the 35th Senatorial Dis-
trict, Springfield, Illinois.

Be is resolved by the Board of Su-
pervisors of Lee county, Illinois; That we are opposed to House Bill No. 84, introduced in the General Assembly at Springfield, Illinois, in reference to a law to revise the road and bridge law, as we believe it would cause an unjust tax to the many for the benefit of the few, and that it is the sense of this board that the senator and representatives from this district be requested to use all honorable means to defeat said House bill from becoming a law.

And that the county clerk be in-
structed to send a copy of this reso-
lution to our senator and representa-
tives at Springfield.

Supervisor Cook also presents the
following resolution and moves its
adoption:

To the members of the General
Assembly of the Thirty-fifth Senatorial
District, Springfield, Ill.:

Be it resolved by the board of su-
pervisors of Lee county, Illinois, That we favor the enactment of a law
that will cause the secretary of state
to return all fees collected for auto-
mobile licenses to the county from
which said fees are collected and that
said money be used for road and
bridge purposes, and that it is the
sense of this board that our senator
and representatives be requested to
use all honorable means to secure
the enactment of such a law. And
that the county clerk be instructed to
send a copy of this resolution to our
senator and representatives at Spring-
field.

And thereupon Supervisor Banks
offers an amendment to said resolu-
tion to change said resolution to read
that the secretary of state return all
fees collected for automobile licen-
ses to each township, instead of the
county, which said resolution as amended
was duly passed by the board.

In the matter of the selection of a
grand jury for the April term A D 1913,
of the circuit court of Lee county,
Illinois.

On motion of Supervisor Welty, it
was resolved by the board that the
following named persons be and they
are hereby selected to act as a grand
jury for the April term A D 1913, of
the circuit court of Lee county, Illi-
nois, and the clerk of the board is
directed to certify said list to the
clerk of the circuit court within five
days from this date.

Supervisor Gross presents the fol-
lowing report and recommendation
and moved the adoption of the same,
which said report is approved by the
board and the recommendation con-
curred in by the board:

Dixon, Ill., March 13, 1913.

To the Chairman and members of
the Board of Supervisors of Lee
county, Illinois. The undersigned
committee to whom was referred the
matter of installing poles and wires
by the Illinois Northern Utilities com-
pany, in the public highways of the
various townships of Lee county,
would respectfully report that they
have had a form of contract drawn
up and would recommend that the
county clerk be instructed to have a
sufficient number of copies of said
contract printed to furnish each su-
pervisor and all of the highway com-
missioners of Lee county with a
copy of the same, so that when the
said Illinois Northern Utilities com-
pany wish to enter any one of the var-
ious townships of Lee county, they
must sign a contract to conform with
the copy herewith submitted.

Chris Gross,
F. L. Young,
Chas. T. Self,
Committee.

Supervisor Cook moved that a vote
of thanks be tendered Hon. William
J. Edwards, Chairman of this board,
for the uniform courtesy with which
he has presided over the sessions of
this board during the past year,
which was adopted by a rising vote
of the board.

In the matter of the compensation
to be allowed members of this board
for services rendered during this ses-
sion.

It was resolved by the board that
the following sums be allowed mem-
bers of this board for services ren-
dered at this session and the clerk is
directed to issue orders as follows:

The Machine the American
Business Man has been
Waiting For

Because of its guaranteed high-
grade construction, its embodiment
of every practical improvement and
feature found in any other machine,
combined with low price, the New
Royal No. 5 is truly the machine
the American business man has been
waiting for.

Here it is, the king among type-
writers, challenging the world to
show a machine that can do better
work, easier work, or more work,
no matter what its price!

Let us show the Royal in your
own office, on your own work—either
alone or alongside any other ma-
chine. The Royal shines by comparison.

Model 5, \$75
Same as for Model 1 with Tabulator.
No Extras.

Every Royal has back of it the guarantee
shown below. Back of the machine and
the guarantee are the resources and ex-
perience of one of the largest organizations
in the typewriter business.

That it will do work of the
highest quality for a greater
length of time at less ex-
pense for upkeep than
any other typewriter,
regardless of price, and

FOR SALE

FOR SALE—One Penny pays for six
glasses of sterile, soft, sparkling,
delicious medicinal water. Nature's
certified ice, melted at home (the only
sanitary way) eminent scientists
say is the purest water that can be
had. So pure that all pharmacists in
Dixon have compounded with it pre-
scriptions that require even redistilled
water. So soft that analysis by the
Illinois Water Survey shows 74 times
less lime than our city water. Users
in Dixon recommend it for Stomach
and Kidney Trouble, Constipation,
rheumatism and for conserving
health. You can see it, drink it, get
names of Dixon users to ask about it,
scientist papers and full informa-
tion at Told's Hat Store, Dixon Pure

J. B. Clark 722 Highland Ave., Dix-
on, Ill., says: "I consider Doan's
Kidney Pills worthy of the highest
praise and I am willing to confirm
the testimonial I gave in their favor
some years ago. I had kidney com-
plaint and backache and doctors
seemed unable to do anything for me.
Finally I read of Doan's Kidney

A soft cashmere of fine cloth is
needed for our little model, which
has the skirt made with an apron
tunic at back and front, braided or
trimmed with embroidered galloon at
the edges. The waist-band is of the
same, and it is also used to form the
square at neck; the sleeves are set
into the armholes under wrapped
seams; cuffs of the material are ar-
ranged to turn up.
Materials required: 2 1/2 yards 44
inches wide, 3 1/2 yards galloon.

AILING WOMEN OF MIDDLE AGE

Mrs. Hilbert Tells of Her Dis-
tressing Symptoms During
Change of Life and How
She Found Relief.

Fleetwood, Pa.—"During the Change
of Life I was hardly able to be around
at all. I always had
a headache and I
was so dizzy and ner-
vous that I had no
rest at night. The
flashes of heat were
so bad sometimes
that I did not know
what to do.

"One day a friend
advised me to take
Lydia E. Pinkham's
Vegetable Com-
pound and it made me a strong well wo-
man. I am very thankful that I fol-
lowed my friend's advice and I shall
recommend it as long as I live. Before
I took the Compound I was always
sickly and now I have not had medicine
from a doctor for years. You may pub-
lish my letter."—Mrs. EDWARD B. HIL-
BERT, Fleetwood, Pa.

Such warning symptoms as sense of
giddiness, hot flashes, headaches, back-
aches, dread of impending evil, timidity,
sounds in the ears, palpitation of the
heart, sparks before the eyes, irregu-
larities, constipation, variable appetite,
weakness and inquietude, and dizziness,
are promptly heeded by intelligent wo-
men who are approaching the period in
life when woman's great change may
be expected.

Lydia E. Pinkham's Vegetable Com-
pound invigorates and strengthens the
female organism and builds up the weak-
ened nervous system. It has carried
many women safely through this crisis.

DEERE DISC HARROWS STRONGEST-HEAVIEST-BEST DURABILITY

To do good work an disc harrow seems to us strong points on the disc
harrow question Good work demands a harrow that pulverizes the ground
thoroughly, that cuts out dead furrows, that adapts itself to any uneven
condition of the ground.

To be durable a harrow must have a strong frame, steel shanks, 3/4-inch
gang bolts, heavy gauge discs, and a general construction throughout that
leaves no room for question as to the strength of any part. All these points
have been built into the Deere Model B.

MATERIAL IS NOT ALL

LINE OF THE BLOUSE AN ALL-
IMPORTANT CONSIDERATION.

Dainty Needlework and Fine Fabrics
Inartistically Put Together Will
Not Satisfy the Woman of
Fastidious Taste.

The woman who loves to do dainty needlework can turn out very attractive blouses at much less expense than similar models would cost in the shops; but it should be remembered that dainty needlework and fine fabrics are not all that is required to make up a wearable blouse. Several costly materials may be combined with exquisite nicety of stitchery, yet the effect of the completed blouse may be hopelessly bad, and quite impossible to the woman who aims to dress inexpensively, with perfect taste and some degree of smartness. As in all forms of costumes nowadays, lines are the important consideration in the separate waist, and if the lines are not right, the most costly of materials will not make it smart. In fact, the more of such materials loaded upon the model the more will the effect approach that taste which is familiarly known as dowdy.

There are three distinct varieties of blouses to select from—the costume blouse of silk, velvet, lace, chiffon or a combination of fabrics; the shirt of tub silk for wear with tailored suits, and the tub blouse of ordinary washable lingerie material. Blouses of the last named character are easy to fashion, and may be made dainty with a very little real lace, with fine pin tucks set in by hand or with touches of hand embroidery—only touches, for a great amount of hand embroidery is not considered smart just now, and scallops or dots used in a conventional manner are better liked than spraw-

ling floral patterns. Very sheer cotton voile, handkerchief linen, or a fine grade of dotted Swiss will make attractive blouses of this sort.

A silk shirt may be of white or striped tub silk, of washable satin or of crepe de chine. The white crepe de chine shirts, with plaited frills and turndown collars and edged with fine cording, are the favorites, and such shirts usually have turned back cuffs, provided with link buttons, which match the buttons used on the front of the garment.

There are also many attractive blouses being shown of white silk brocade or white charmeuse. These blouses are usually made quite simple of line, and in some cases have the turned down Robespierre collar and mannish, four-in-hand tie and turned back cuffs.

An attractive blouse of charmeuse of the tailored type is shown in the illustration. The collar is of the Robespierre type, with four-in-hand tie. There is a deep yoke, which extends low over the shoulders. The sleeves are long and are pulled into a deep, close-fitting cuff of the material.

Chenille-Dotted Veilings.

Many varieties of veilings were in evidence at the New York Horse show, says the Dry Goods Economist, but chenille-dotted veilings were perhaps in the lead. Dainty spring designs, outlined in miniature chenille dots or decorated in some odd fashion, were especially prominent. The part which chenille-dotted veilings played at this fashionable gathering will no doubt be influential in boosting the already fair demand for chenille dots in local retail stores. The country at large has bought conservatively of these veilings, and in the majority of instances has done well with them.

Gathered Muff.

The huge granny muff made of gathered and corded silk, velvet, brocade or chiffon is very fashionable this season. It is besides quite simple to make, looks much more chic than a muff of poor imitation fur. Blue and red shot taffeta is used for a pretty model. Two thickness of wadding form the lining on to which the silk is gathered and divided into sections with piping cords. Wide frills of the silk finish off the muff on either side.

Warm Coats.

The indications are that velvet plush and velour are going to be popular this winter. This will be welcome news for the women who desire a nice, warm coat and do not care to wear the really heavy fur garments which have been used for the last few years.

A Great Bargain.

I have a house for sale that happened to drop into my hands by foreclosure. It is centrally located, contains eleven rooms, good, new furnace and everything complete, with good barn and outbuildings, all in first class repair. Will sell this property for a thousand dollars less than it is worth. I do not want houses to rent at my time in life.
